

Julian Assange Mantra

**Free Julian, free Julian Assange
Free Julian, free Julian Assange**

Let's come together and free him now
Our power is the power of love
It's a crime not to report a crime
We need to find the truth behind
Truth is really not a crime
Free press is essential for all of us

*To all people who care for peace and freedom
Stand up now!
To honor this man. Who stands for courage and truth.
Let's unite our power to free Julian Assange
Our power is the power of the people.
And the power of love.
So get up now and join us to free Assange*

**Free Julian, free Julian Assange
Free Julian, free Julian Assange**

Stop the war against the truth
Resignation is torture everyday
He's in jail because he told the truth
Journalism is not a crime
His kids grow up without their dad
No journalist should be in jail

**Do you really want to live in a world
where journalists are locked up for telling the truth?
If you do nothing and look the other way - you agree!
So stand up now!**

**Free Julian, free Julian Assange
Free Julian, free Julian Assange**
